CAREER OBJECTIVE

To work in a firm, which provides the environment for growth and utilize to my knowledge and skills in Automation Testing. I have an urge for learning new Technologies combined with a commitment to excel in all projects undertaken to fulfil the organization goals.

EDUCATIONAL QUALIFICATION

- **B.Tech** in Information technology from Easwari Engineering College,AnnaUniversity,Chennai in 2019 with 74%

- **Intermediate** from GRT Hir.Sec School,Stateboard,Chennai in 2015 with 88.16%

- **10th** from Stella Matriculation high school,Stateboard,Chennai in 2013with 93.12%

IT SKILLSET

- **Manual Testing**: Test Case design, Test Execution, Bug Tracking and Reporting
- **Automation Testing Tools**: Selenium WebDriver, Eclipse
- **Language**: Core JAVA
- **Framework:** TestNG,Cucumber,POM and Hybrid Framework
- **Test Management tool:** Jira
- **Project Management software:** Maven
- **Integration Tool:** Git,Jenkins
- **Database Languages**: MySQL

TECHNOLOGY SUMMARY

- Understanding the Software Requirement Specification and identifying the test scenarios.
- Well versed in SDLC, STLC and bug life cycle.

- o Understanding of test design techniques using BVA, ECP, Decision Table and State transition techniques.
- o Writing test scenarios and test cases, executing test scripts and reporting defects.
- o In-depth knowledge of Testing concepts.
- o Good knowledge in Agile Methodology using scrum framework.
- o Experience in automating web based applications using selenium WebDriver and constructing automation frameworks.
- o Experience in executing scripts in parallel using TestNG framework with java
- o Experience in BDD and writing executable acceptance criteria in Gherkin
- o Extensive understanding of the following concepts: OOPS concept, Exception Handling, Collection Frameworks, Thread, Arrays, Strings, Constructors, Interfaces.
- o Proficiency in concepts like various SQL Statements,Clauses,Constraints,Normalization,CRUD operations,Joins,and Stored Procedures.

SELF-INITIATIVE PROJECTS

Project#1: Malaria Diagnosis with Peripheral Blood Smear Images Using Deep Convolutional Neural Network
- o This system automatically classifies the cells present in human peripheral blood smear Images as either infected or uninfected.
- o It helps in overhauling the current laboratory technology into computerized form.

Project#2: Salesforce CRMApplication(06/2022-07/2022)
- o Tested about 60+ testcases with different data and executed both in chrome and firefox
- o Test Scripts was written for various modules like Individuals,Accounts and Opportunity.
- o Used Apache POI for data driven testing and TestNG framework was used to perform parallel testing

Project#3: ServiceNow ITSMApplication(07/2022-08/2022)
- o Automated about 40+ testcases in ServiceNow Application(Cloud based workflow automation platform).
- o Implemented dynamic data parametrization using TestNG.
- o Implemented various Selenium WebDriver features for the test scenarios and test cases of various modules.

ACHIEVEMNETS

"Budding Star for the Quarter Q1,2022"
- o Nominated by key BU Heads for adapting to new technologies and learning things in a quick manner.

"Key Contributor for the Quarter Q2,2022"
- o Nominated by my Manager in recognition for closing high number of tickets and giving immediate solutions to the users throughout the quarter.

EXPERIENCE

Worked as Test Associate at Merit Data and Technology, Ambattur, Chennai from Sept'2021 to Sept'2022.

Project: Web based internal employee portal

Description: The ultimate goal of this project is to provide a way for employees to stay connected and updated about an organization. It includes employee directory, policy management, leave module, employee personal Profile, ticketing module and employee learning portal.

Role: Test Associate

Testing Approach: Manual Testing

Team: 5

Roles and Responsibilities:

As a team member I was actively involved in the below phases of project.

- Coordination with developers to analyze the flow of the projects and performed testing on application based on requirements.
- Attending daily scrum meetings and project review meetings.
- Worked alongside developers to design 100+ testcases for regularmaintenance and enhancements for internal applications
- Execution of the testcases and generating the bug report.

SOFT SKILLS

- Good communication and inter-personal skills.
- Believe in continuous learning with a quest and zeal to learn new technologies.
- Extremely result-oriented, committed and accountability.

PERSONAL DATA

- Date of Birth: 23-11-1997
- Marital Status: Single
- Interest: Teaching, Watching TED talks, Browsing.

DECLARATION

I hereby declare that the information mentioned above is accordance with the truth as per my knowledge and I hold the responsibility for the correctness of above mentioned particulars.
